

Shaping the future with food & drink technology Africa

fdt food & drink technology Africa is the premier platform for the Southern African food, beverage, and packaging industries.

The established event serves as a trade fair, top-selling market place, and future-orientated knowledge center.

food & drink technology Africa promotes regional innovation – developed by local experts. The trade fair provides tailor-made solutions for the Southern African market. It covers the entire process chain, by matching supply and demand to specific market needs.

Why Exhibit?

Participate in food & drink technology Africa - the premier trade fair for food, beverage, and packing in Southern Africa.

- Launch new products, services and technologies.
- Position your brand as a market leader.
- Expand your business and product visibility within the industry.
- Your gateway to high potential and developing countries.
